万康磁悬浮地漏 

Magnetic Siphon & Drainer

万康磁悬浮地漏

(MAGdrain迈格俊)万康是一个专业致力于解决厨卫排水隔气问题的品牌，着重对厨卫所有臭气溢出点位开发了全系列防臭防返溢产品，深受广大消费者的喜爱。万康已经获得100多项国家专利和国际专利，并且获得德国红点奖和IF工业设计大奖等多个奖项，产品销往全世界40多个国家和地区，服务用户超千万。其中，万康磁悬浮地漏和地漏芯是采用磁悬浮原理设计，用于地面排水，结构简单开合顺畅，具有排水快防臭性能良好的优势。万康独创的面盆排水防臭器和厨房水槽下水器，不仅防臭排水性能优良，而且实现了百分百台上维护清理，省时省力省空间。万康的乐卡排水管锁紧器，解决了厨卫排水管连接处容易老化脱落的问题，安装简单绝不松动，一经推出便好评如潮，销量全国遥遥领先。除此之外，万康研发了马桶坐便连接器、小便斗连接器、浴室排气扇隔气阀等产品都深受消费者信赖。现在，用户可以通过终端门店或直接联系厂家获得上门漏气点检测排查和综合治理服务。"成为全球领先的排水隔气专家!"万康一直在努力!

MAGdrain is a professional brand dedicated to solving the problem of drainage and air isolation in kitchen and bathroom. It focuses on developing a full range of anti-odor and anti-overflw products for all odor overflow points inkitchen and bathroom, which are deeply loved by consumers. . MAGdrain has obtained more than 100 national and international patents, and has won multiple awards such as the German Red Dot Award and the IF Industrial Design Award.its products are sold to more than 40 countries and regions around the world, serving over 10million users. Among them, The magnetic levitation floor drain and floor drain valves are designed using the principle of magnetic levitation and are used for ground drainage.The structure is simple and the opening and closing are smooth,and they have the advantages of fast drainage and good odor resistance. MAGdrain's original basin drainage deodorizer and kitchen sink drainer not only have excellent deodorant drainage performance, but also achieve 100% on-bench maintenance and cleaning, saving time and space. MAGdrain's Lockor-lockor drain pipe locking device solves the problem of easy aging and falling off at the joint of kitchen and bathroom drain pipes.It is easy to install and never loosens. Once it islaunched, it has received rave reviews, and its sales are far ahead in the country. In addition,MAGdrain has developed products such as toilet seat connector,urinal connector, bathroom exhaust fan air trap and other products, which are highly trusted by consumers. Now, users can obtain door-to-door leak detection and comprehensive treatment services through terminal stores or directly contacting manufacturers."Become the worlds leading drainage and air isolation expert!" MAGdrain has been working hard!

MAGdrain CUSTOM SERIES FOR STAINLESSSTEEL & BRASS

万康定制

传统地漏容易成为卫生间装修的“败笔”，一个位置尴尬的地漏毁了设计师一番心血，连补救的机会都没有。排水管口的位置与瓷砖的拼缝很难在前期就精确计算到，地面瓷砖整体坡度也不好精准控制。万康订制可以随心所欲的安排地漏的大小和位置，在设计阶段就可以完全避免了这样的问题发生。

MAGDRAIN ODOR CONTROL

万康治臭

一旦你选择了万康，你得到的将不仅仅是一个经久耐用的地漏产品，你还将从万康的研发创新和服务中获利。除了地漏以外，万康还一直致力于解决厨卫的臭气返溢问题，在台盆、菜盆、坐便器、通风设备等的关键位置，万康都有自主研发的完整解决方案，这些产品和服务将给你带来长期的保护

MAGDRAIN WATER CONTROL

万康治水

在磁悬浮旋风式自清洁技术上，万康发明了前置过滤器强制排污技术，配合高效智能排污管理模块，可以为用户解决前置过滤器不能及时高效排污的问题。同时，万康还开发了一些列针对家庭供水的过滤阻垢产品和安全水控制产品，是实现“万家安康”至高理想的重要组成部分

MAGNETIC DRAIN VALVE FOR LINEAR FLOOR DRAIN

THE WINNER OF 2023 IF PRODUCT DESIGN AWARD & REDDOT AWARD & INTERNATIONAL DESIGN EXCELLENCE AWARDS

万康研发团队不断进取，赢得了用户青睐和市场认可。
万康的每一件作品都凝聚了我们的智慧和感情，也是我们的人生态度。
万康V5极窄地漏芯分别获得2023年德国IF工业设计大奖、红点奖和美国IDEA设计大奖。

The R&D team of MAGdrain continues to make progress and has won the favor of users and market recognition. Every piece of MAGdrain's work embodies our wisdom and emotions, as well as our attitude towards life. The MAGdrain V5 extremely narrow floor drain core won the 2023 German IF Industrial Design Award & Red Dot Award, and the American International Design Excellence Awards.

万康已获得多项国际专利和欧盟北美等全球认证

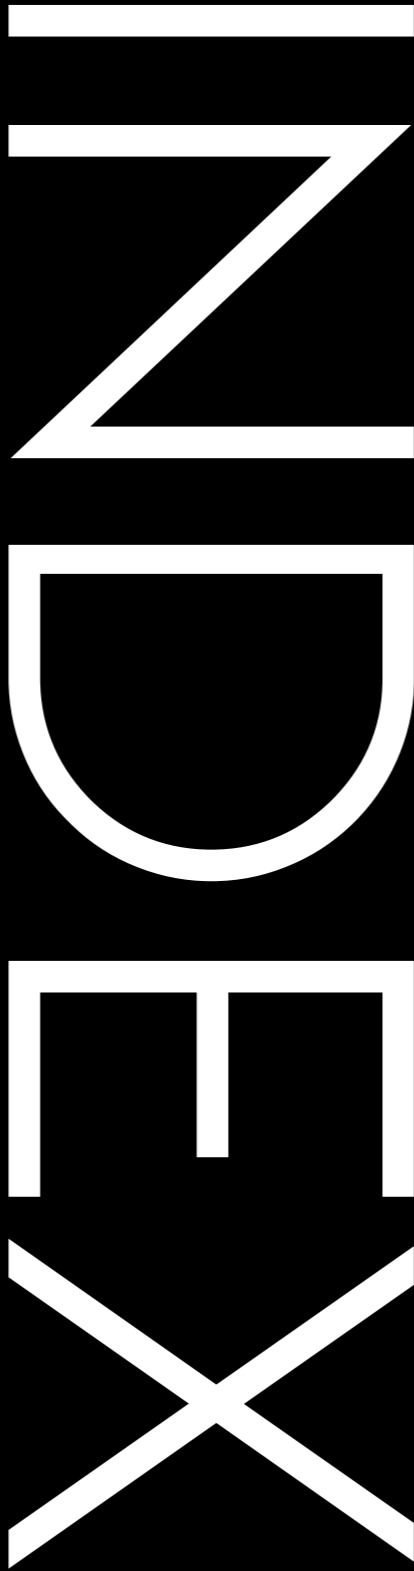

MAGdrain has obtained multiple international patents and global certifications such as the European Union and North America

万康在全球多个国家与地区荣获专利证书
其中包括韩国、日本、中国

万康磁悬浮地漏，的确是市场上很难找到相似定位和做法的地漏，它对细节的注重，即使你是一个几近偏执的人也会感到惊艳。在一个混乱不堪的五金市场中，与众不同的精品才具备存在的价值管你喜不喜欢有无所谓，它都是一个值得尊敬的作品。

The MAGdrain magnetic floor drain is indeed a floor drain that is difficult to find in the market with similar positioning and practices. Its attention to details will be stunning even if you are a nearly paranoid person. In a chaotic hardware market, unique boutiques have the value of existence, whether you like them or not, they are all respectable works.

最大流量: 65L/M

磁悬浮

强大的科研实力和精密的机械加工能力相结合，首创可以“磁悬浮”的地漏芯，使地漏真正做到走水快、防溢水、防返臭，美化家居等功能。

磁场封装隔离技术

利用蛋型流线设计，将磁场隔离，可以避免排水时含铁质污垢附着在地漏芯表面，从而保护机构长期有效。

防返臭

硅胶密封圈紧密贴合，在不排水的时候，保证地漏芯360°无死角密封。它为美丽清新的家居环境与肮脏的排污管道之间，建立起了一道强大的保护罩。

旋风式自清洁技术

独创阀盖可旋转式排水，可将附着的肥皂泥等污垢甩掉，从而保持长期100%密封。

运用纳米新材料

针对地漏使用环境特别选择了昂贵的纳米新材料，这种新材料可以承受所有已知的酸、碱、盐，也不溶于人类已知的任何有机溶剂。在260°C以下可以保持60年以上性能不发生改变，它也是新型波音客机777的骨架材料。

防堵塞

双层过滤网设计，在保证大流量排水的同时，最大限度过滤毛发和杂质，使其不会进入地漏芯而造成堵塞。

INTERPRETATION OF MAGDRAIN FLOOR DRAIN MODEL

万康地漏型号解读

C 01 Q6 - N

电镀颜色: G镀铬、N镍拉丝、Q青铜、O(ORB哑黑)、K枪灰、BZ拉丝金。

防臭芯型号: Q3 PPS纳米磁悬浮地漏芯 Q6 青铜磁悬浮铜地漏芯 S6 特氟龙磁悬浮铜地漏芯 S60 超薄特氟龙磁悬浮铜地漏芯 T6 枪灰可伸缩磁悬浮铜地漏芯等

地漏盖型号: 01-99, 按先后顺序排列

所属系列号: C超越系列、F方舟系列、P盘古系列、DP/HP可偏心活接系列、W晚村手作系列、J不锈钢加长系列等

CUSTOM SERIES FOR BRASS EDITION

精铜定制系列

万康拥有业内最先进的铜地漏多轴快速加工中心，
可以为用户量身定制满足其不同需求的地漏，
图案和尺寸都可定制。

MAGdrain has the most advanced copper&brass floor drain
multi axis rapid processing center in the industry,
which can customize floor drains to meet users' different needs.
The patterns and sizes can be customized.

HIDDEN BRASS FLOOR DRAIN FOR CUSTOM SERIES

定制铜隐形系列

隐而不露 藏似无形 利落通透的视觉，
是对极简美学的绝美演绎，当经典再现，艺术重新，是初见也是永恒

Hidden but invisible, invisible, neat and transparent vision,
It is a beautiful interpretation of minimalist aesthetics.
When the classics are reproduced and the art is renewed,
it is the first sight and the eternal

MAGNETIC DRAIN VALVE FOR LINEAR FLOOR DRAIN

万康极窄地漏芯

PPS材质

针对地漏使用环境特别选择了被称为可塑陶瓷的PPS新材料，这种新材料可以承受所有已知的酸、碱、盐，也不溶于人类已知的任何有机溶剂。在260°C以下可以保持60年以上性能不发生改变，它也是新型波音客机777的骨架材料。

专利磁悬浮复位技术

快拆设计 维护无忧

首创变轴密封技术

首创变轴密封技术

这是一款为室内泄水口和排水管道系统设计的地漏芯。设计团队在磁悬浮复位技术基础上研发出变轴密封技术，可通过可变轴技术和磁力的协同作用，使密封盖能够与密封件自动贴合，形成出色密封效果。并使产品的排水量提升了30%，防止污垢的下落、堵塞。该作品18mm的长腰型设计，对不同的管道位置与地漏造型具有普适性；搭配创新快拆结构，便于用户轻松取下地漏芯进行清理、检查或维修，确保管道正常排水。同时，该作品采用了PPS（聚苯硫醚）高性能抗老化材料，其性质稳定、抗污抑菌性强，具有比普通工程塑料更长的使用寿命与使用强度，确保了其长期使用的稳定性。同时，该材质具备独特的防异味效果，能够有效防止地漏在使用时产生异味的情况，塑造出健康家居环境。

As a side opening valve designed for the application in indoor drains and drainage systems, it stands out with the fulcrum movable technology developed on the basis of the Magnetic technology. The synthesis of the fulcrum movable structure and magnetic force realizes the automatic and tight seal between the cap and main body of the valve, increases the drainage capacity by 30%, and also prevents dirt from falling and clogging. With a long waist-type design of only 18mm in width, the side opening valve is applicable to diverse pipe positions and floor drain shapes. The innovative quick-disassembly structure allows users to remove it effortlessly for cleaning, check or maintenance, so as to ensure timely and effective drainage. In terms of material selection, it utilizes the high-performance anti-aging material — PPS (polyphenylene sulfide) to guarantee long-term stability, for PPS itself is quite stable, anti-scaling and anti-bacterial, boasting a longer service life and higher strength than ordinary engineering plastics. Moreover, the effective anti-odor property of PPS can avoid foul odors in use, hence giving users a healthy home environment free from offensive odors.

Magdrain Flex Universal Connection Floor Trap

可偏心活接地漏系列

铺设瓷砖时，如果排水管出现中心偏移，使用传统地漏不能对准排水口中心，就可能产生排水不畅蜂巢失效的问题，导致整个卫生间渗漏，已经不可避免。万康独创专利的接口可偏移技术将轻松解决这一难题，地漏安装、更换变得更加简单、可靠、高效，防止渗水的问题，同时还可以兼顾瓷砖与地漏的安装美观度。

When a tiler is installing a floor trap and noticed the discharge hole is off centre, it is difficult to adjust the positioning of the discharge hole as the tiles had already been laid. Conventional floor traps will not be able to connect properly because of this. If forcefully installed, it will restrict the water flow rate and may cause leakage and fowl smell will persist. With Magdrain patented design using a rotatable and adjustable connection, this issue is easily solved. This patented system simplifies the installation with best results by avoiding leakages and fowl smell using the magnetic levitation valve. Tile formation will also be excellent.

最大偏移 15mm

有效解决施工误差导致的对接难题
