HUNAN JINMAI TECHNOLOGY CO., LTD.

ABOUT US

Hunan Jinmai Technology Co., Ltd., located in Changsha, a famous historical and cultural city, is a smart manufacturing enterprise in the of China's electrical industry. The company has successively won many honorary titles, such as "Science and Technology Small and Medium-sized Enterprises", "High- Enterprises", "Innovative Enterprises" and "Special New Enterprises".

Jinmai shares is a joint stock limited company initiated by Hunan Jinmai Electric Co., Ltd. and Hunan Jinmai Commerce Co., Ltd. It mainly develops, produces and sells: smart home AI robots, smart home systems, smart switches, smart sockets, speed and light control solutions, network solutions and complete sets of electrical solutions and other products.

The company has a large modern intelligent manufacturing industrial base and a top-notch technical R&D team. Every year, the company continues to develop more than 0 new products, striving to provide users with all-round intelligent electrical solutions.

Since its establishment, the company has adhered to the development philosophy of "honest business, pioneering innovation, and service first", firmly believing that " is the foundation of enterprise survival", and has always been committed to ensuring "user peace of mind".With scientific design, professional manufacturing and excellent cost performance, the companys products have been widely recognized in domestic and foreign markets, with sales networks covering all parts of the country, and are exported to more than 60 countries and regions in Southeast, Africa, Europe, the Middle East and other places.

Hunan Jinmai Technology Co., Ltd. has successively passed ISO9001, 3C and a number of other domestic and certifications, and has a large number of patented technologies. The company has always attached great importance to talent training, drawing on the management experience of world's top 50 and leading domestic and foreign enterprises, and established a human resources management model that suits the company's characteristics, creating a learning organization, and providing broad development space and opportunities for talents.

At present, the company has become a recipient of multiple honors, such as excellent enterprise, honest enterprise, and high-tech enterprise. It has always ad to the corporate philosophy of "striving for innovation, not being the best, but always striving to be better", and has taken the development path of "quality first, reputation". The company will continue to adhere to market-oriented, promote brand building, implement international strategy, focus on enhancing core competitiveness, cultivate advanced corporate culture, and promote the sustainable of the enterprise.

FORWARD FUTURE

We will continue to deepen the strategy of internationalization, strengthen brand building, enhance core competitiveness, cultivate excellent talents, promote corporate culture, and strive to become industry benchmark. In the future, Jinmai will grow with customers and partners with the efforts of all employees, and create a better future together.

Double 3 Pole Socket

Double Thailand Socket

Installation features

- White
- Gold
- Grey
- Silver
- Black

The switch panel is made of flame-retardant PC without frame design

Super nylon base
Scientific design avoid fracture and unreasonable disassembly

Strengthened panel

Nylon security door

3.8mm silver contacts, 16A current-operated contactor
Forced Trip Function Design

180° bending design for supporting sheet Increase the contact surface of the operated contactor. Improving the Sense and Consistency of Switching on and off

Integration of copper parts th effectively reduce low temperature rising.

Pull buckle structure: electrician installation and wiring are convenient, strong firmness

Scientific Design of Base

Flame-retardant PC base, high temperature resistance and easy to connect.
Wire box remains more space make wiring safely.

Enhanced iron plate
1.5mm reinforced design steel frame, surface spraying insulation process.

PC Flame Retardant Panel
