## BRAND STRENGTH

### 精研核心技术 引领产业赛道

CAREFULLY RESEARCHED AND DEVELOPED CORE TECHNOLOGY  
LEADING THE INDUSTRY

面临全球新一轮产业变革，汉纱，以前瞻性的创新科技引领行业发展风向。截至目前，汉纱已获取30多项发明专利、外观设计专利以及实用新型专利等，是全国首家应邀参加在北京会议中心举办的科学家论坛的纱门窗企业，多次荣获“全国消费者放心满意品牌”，持续为客户提供多元化高性能的纱门窗产品，也为行业带来新的增长动力。

Facing a new round of global industrial transformation, Hennesa leads the development direction of the industry with prospective innovative technology. Up to now, Hennesa has obtained more than 30 invention patents, design patents and utility model patents, and is the first screen door and window enterprise invited to the scientist Forum held in Beijing Convention Center, and has won the "national consumer satisfaction brand" for many times, and continues to provide customers with diversified high-performance screen door and window products, and also brings new growth impetus for the industry.

# 科技领先<sup>1</sup>

## LEADING TECHNOLOGY

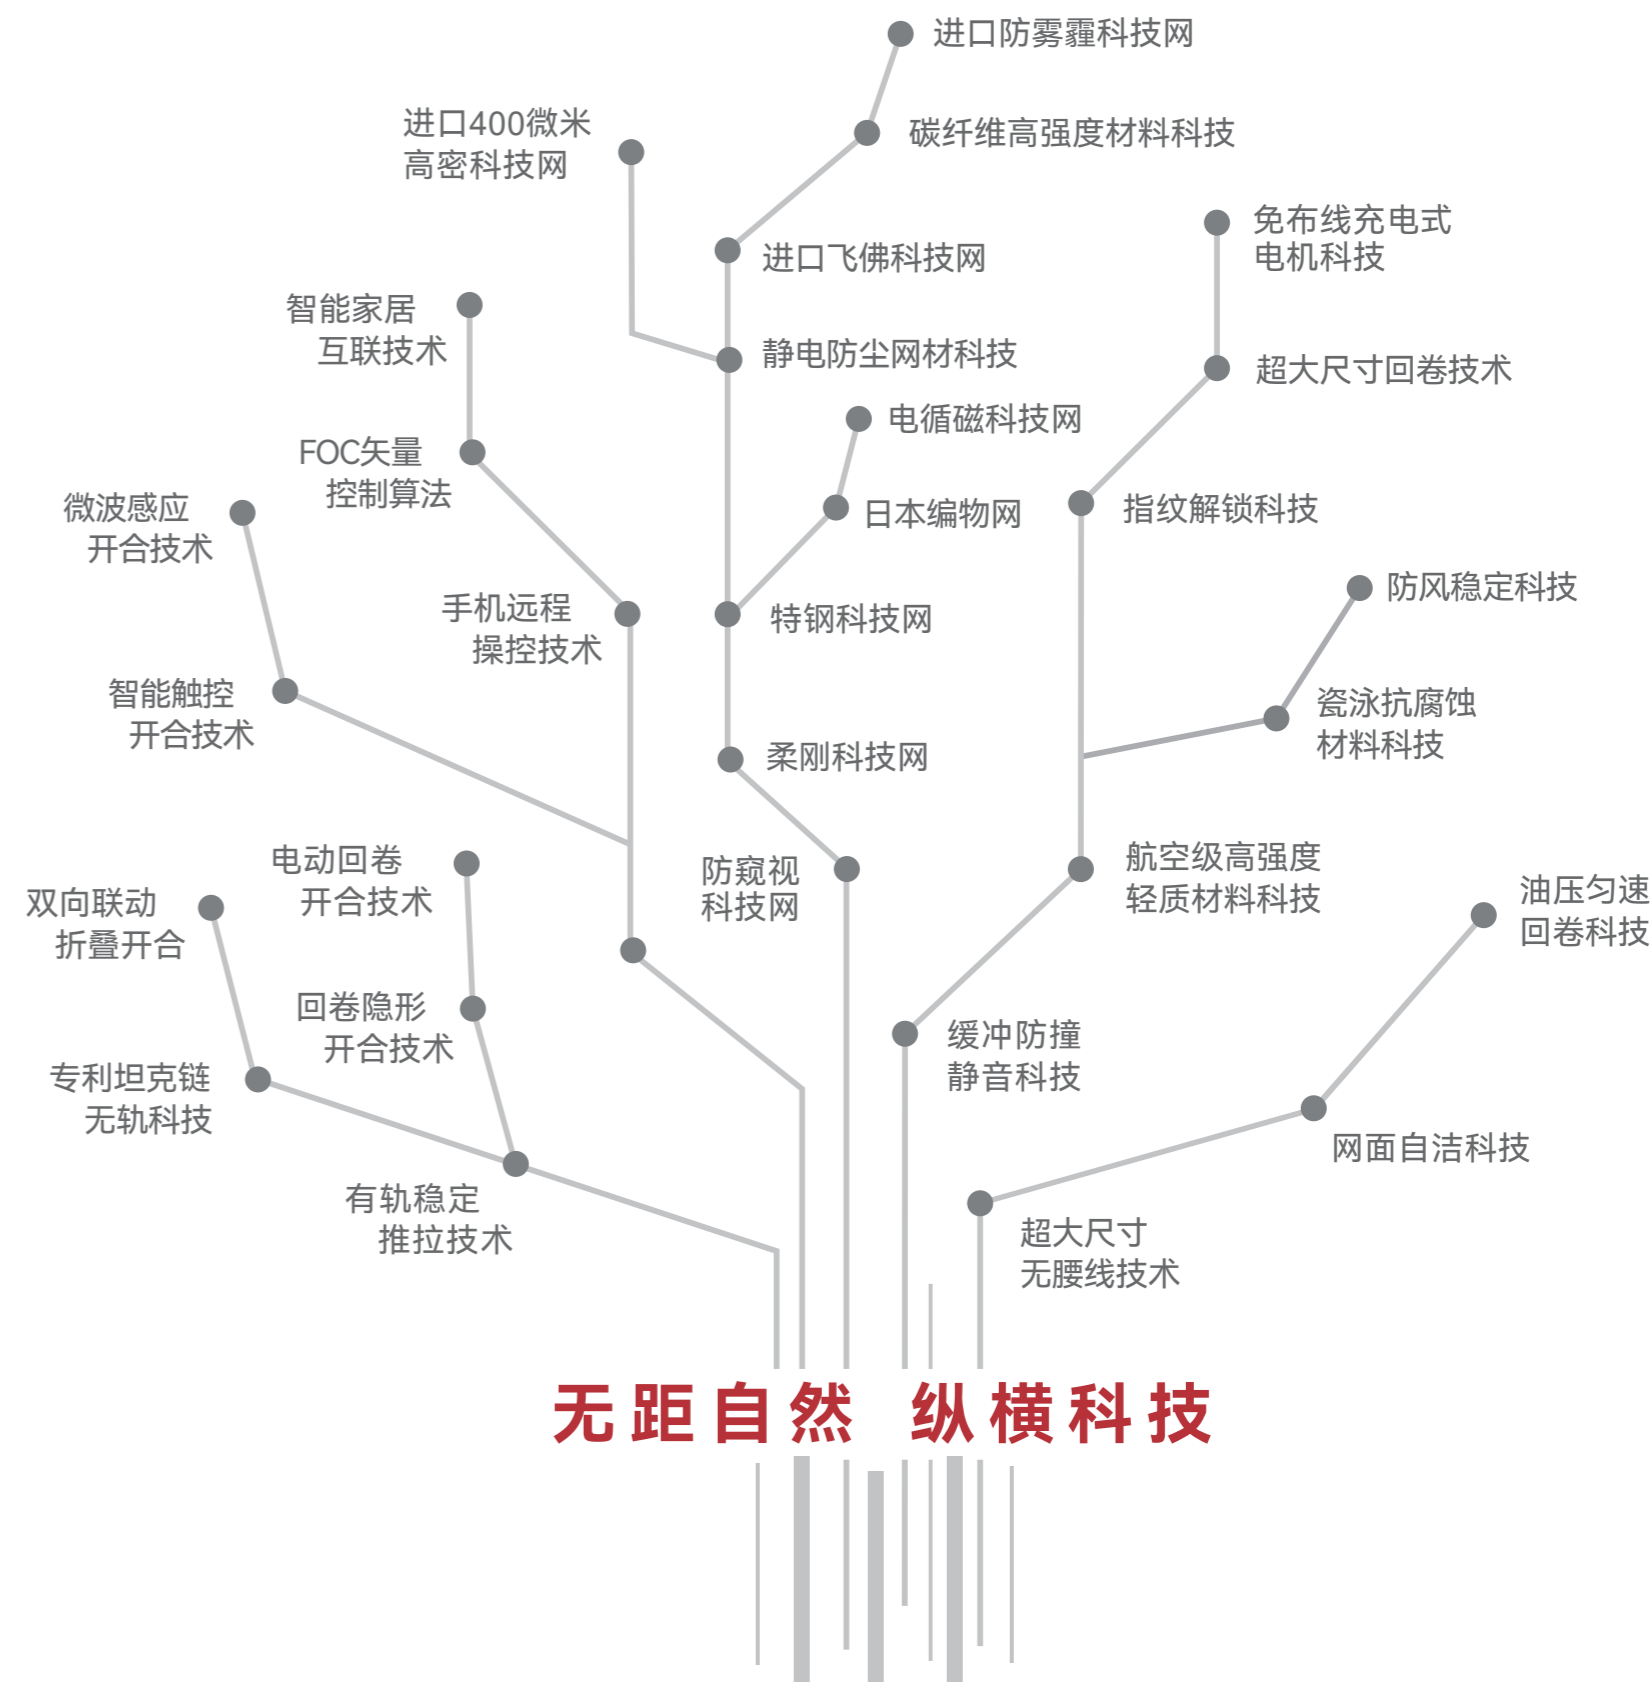

“1cm宽, 1000m深”

以工匠的深度, 让美好自然发生

“1CM WIDTH, 1000M DEPTH” LEAD THE INDUSTRY WITH DEDICATION.  
WITH THE DEPTH OF CRAFTSMANSHIP, LET BEAUTY HAPPEN NATURALLY

30余项发明专利, 百余项创新科技, 是汉纱25年过往的里程碑, 也是未来故事的序章。汉纱将持续围绕“专精特新”, 聚焦纱门窗品类的“1cm”宽, 但我们对于创新研发的深度将延伸至“1000m”, 做到产品技术遥遥领先, 直至行业的无人之境。同时, 所有的创新科技都将以客户为中心, 持续满足每个家庭更高维的情感、美学生活追求, 创造更高品质的生活方式。

With more than 30 invention patents and more than 100 innovative technologies, it is a milestone in Hennesa's 25-year history and a prologue to the future story. Hennesa will continue to focus on "specialization and innovation", focusing on the "1cm" width of the screen door and window category, but our depth of innovation and research and development will be extended to "1000m", so that product technology is far ahead, until Hennesa leads the industry. Meanwhile, all innovative technologies will be customer-oriented, continuing to meet the higher-dimensional emotional and aesthetic life pursuits of each family, and create a lifestyle of higher-quality.

# 数智生产优势<sup>7</sup>

## DIGITAL INTELLIGENCE PRODUCTION STRENGTH

### 数智工厂赋能 实现品质跨越式提升

DIGITAL INTELLIGENCE FACTORY EMPOWERMENT  
LEAP IN PRODUCT QUALITY

Hennesa, the first to introduce Italy automatic screen window production line, including intelligent laser sawing and milling center, intelligent laser drilling and milling processing center, door and window set system, six-axis robot, automatic scroll production line, intelligent cutting equipment, etc., can be connected to the ERP system, and gradually realize "digital + systematic" lean production management, to ensure more efficient production efficiency. The product quality is more excellent, to meet customers' increasingly high quality needs.

汉纱，率先引进意大利全自动纱窗生产流水线，包括智能激光锯铣中心、智能激光钻铣加工中心、门窗齐套系统、六轴机器人、自动化卷轴生产线、智能化裁网设备等，均可对接ERP系统，逐步实现“数字化+系统化”精益化生产管理，确保生产效率更高效，产品品质更卓越，满足客户不断进阶的高品质需求。
