ORIGINAL BEAUTY

Listen to the taste of nature

Wood immortal

Absorbing the Italy design elite, it is bold and innovative. Stand on a higher angle to communicate with the world. Every nice moment in memory is refresh now. FITTED, we cherish every present given by life. We make every piece sofa by heart. Each line, each corner contains the feeling of FITTED to life. Cherishing beauty, relieving your soul. The quality of life is not measure by its length but by its accuracy. Living my life with free lifestyle, having new life experience.

Feel the art of solid wood

Design life

The continuity of design eliminates the charm of fashion. They called for sudden applause, but undermined the lasting consensus, grace. The collection of cautious and reassuring beauty never shows off. From the refreshing charm to the sober and clean words.

New FITTED collection marks another step ahead in the unremitting quest for beauty in the everyday, in developing a formal aesthetic signature that is free of ostentation or allusions to fleeting trends. Design consistency has long been a signature trait of the company, whose paramount focus is unchanged: to produce furnishings with a minimalist and yet sophisticated essence that aim to become the expression of a new classicism or, more simply put, cozy, reassuring objects that accompany us in the normal activities of our daily lives, with comfort, spontaneity and good taste. Furnishings that reflect a sense of reality, that become interpreters of changing lifestyles, that are endowed with inviting shapes and restore to everyday objects – sofas, armchairs, tables, chairs, cabinets – their primary function of practical use while maintaining a natural, discreet elegance.

Strength

Create Life

The burst of inspiration happens at the involuntary moment. Absent of any decorative and additional parts, all look so natural and leisure. With the shortest time in the world to create the eternal value.

Seek the essence of simplicity, abandon the cumbersome life, indulge and gallop in the harbor of the heart, make the smile and happiness shimmering out the colorful of life, as if the tree of life will vary from its original with the passage of time...
