COMPANY PROFILE

As a professional market player having expertise in R&D, production and operation of household appliances, Foshan Lingfei Electrical Appliance Co., Ltd owns the factories specializing in the processing of plastic and the production of motor and household electrical appliances. Famous for the expertise, scale, service and complete facilities in the industry, we mainly produce electric fans, heater and alike.

With an area of more than 38,000 square meters, our company owns a spacious factory which is equipped with advanced devices for production and test, and employs a pool of professional engineering talents and a team of competent quality controllers to ensure the quality and develop new products. The success in passing ISO9001:2008 management system certification, China Compulsory Certification, CE and CB certification presents our ongoing improvement of management and product quality. We establish the long-term and stable marketing network with the dealers from more than 20 provinces, cities and autonomous regions. Alongside that, we gradually enjoy the trust and popularity from dealers and customers under the principle of "High starting point and high benefit" and the best practice of TOQ (Total Quality Management) and constant innovation.

As a China-based producer, we face the world and expand the business into bigger market with the power of science and technology. We sincerely hope to further the exchange with friends from all circles and build the partnership to create a better future together.
